

## Equipment Loan Inventory

The following is a list of the pieces of equipment in Lifetime Networks' possession available to loan. Availability will vary due to the time of year.

Do not forget to consider transportation for the equipment; certain pieces can be large or heavy and may not fit in average sized vehicles.

### OTHER LOAN SERVICES

There are other Equipment Loan Services in the area. Below are two which you may contact as well:

- **Canadian Red Cross Health Equipment Loan Program (HELP):** HELP is a community-based service lending a variety of health equipment to assist people coping with illness, injury or end-of-life care at home. For more information, contact Victoria's regional office at 250.382.2043 or visit <http://www.redcross.ca/how-we-help/community-health-services-in-canada/bc-health-equipment-loan-program>.
- **Queen Alexandra's Center for Children's Health Equipment Loan Library:** QA loans specialized equipment and therapy toys to families through the Child Youth and Family Rehabilitation Service. Loans can be initiated through a referral from your Queen Alexandra physiotherapist or consultant. For more information, contact 250.519.6795 or visit [http://www.viha.ca/cyf\\_rehab/therapy/school\\_age/Equipment+Loan.htm](http://www.viha.ca/cyf_rehab/therapy/school_age/Equipment+Loan.htm).

## BIKES

<b>Name</b>	<b>Varna II Handcycle</b>
<b>Description</b>	This trike is great for a rider who is looking for speed. The rider is seated in a semi-recumbent position for comfort and more efficient power application.
<b>Features</b>	The Varna II is highly maneuverable, giving it great advantage in crowded conditions.
<b>Specs</b>	The Cycle is adjustable for individuals 4'5" to 6'5" in height and weights of up to 250 lbs.
<b>Notes</b>	Weighs 39 lbs. This handcycle involves the use of the abdominal muscles; riders should have the ability to use these muscles if choosing the Varna II.
<b>Purchase Price</b>	<b>\$3,450</b>

<b>Name</b>	<b>Varna Liberator</b>
<b>Description</b>	The Liberator is the handcycle of choice for those looking to increase their upper body strength; ideal for people with leg/spine injuries or impairments.
<b>Features</b>	Features an upright hard seat and large tires.
<b>Specs</b>	Weighs 36b lbs.
<b>Notes</b>	Suitable for children and adults with full arm and upper trunk mobility. Not suitable for steep or hilly terrain.
<b>Purchase Price</b>	<b>\$2,850</b>

<b>Name</b>	<b>Varna Hybrid Tandem</b>
<b>Description</b>	This tandem is great for commuting or leisure riding. Driven by leg and hand power, it provides an interactive cycling experience for two to share.
<b>Features</b>	The front end cyclist pedals, steers and leans independently like a bicycle, while the rear is powered by hand pedals and does not lean.
<b>Specs</b>	It is quite heavy; does not come apart or fold.
<b>Purchase Price</b>	<b>\$7,700</b>

<b>Name</b>	<b>Wheelchair Bike Trailer</b>
<b>Description</b>	Capable of holding a standard manual wheelchair, this trailer allows an individual to be towed along bikeable surfaces.
<b>Features</b>	Features safety rails and straps for tying down the wheelchair.
<b>Specs</b>	Ramp allows wheelchair user to roll onto the trailer.
<b>Purchase Price</b>	<b>Custom Piece.</b>

<b>Name</b>	<b>Sun EZ-3 Recumbent Tricycle</b>
<b>Description</b>	This trike is very comfortable with a large cushy seat. This is good for someone who may pedal, but does not have the strength or co-ordination for a traditional bicycle.
<b>Features</b>	Upright control handles in the back allows a walking or running companion to control braking.
<b>Specs</b>	This is a large piece; transportation considerations.
<b>Notes</b>	The piece weighs 67 lbs. The companion should have the ability to keep up with the rider.
<b>Purchase Price</b>	<b>\$1,700</b>

## All-Terrain Wheelchairs and Joggers

<b>Name</b>	<b>Landeez All-Terrain Beach Chair</b>
<b>Description</b>	The Landeez was designed to easily maneuver over difficult terrain such as sand, gravel, snow and mud. Its soft pneumatic tires absorb almost all road shocks for a remarkably comfortable ride.
<b>Features</b>	Adjustable leg rest; front casters allow for easy turns and 19" seat height for easy and safe transfer.
<b>Specs</b>	
<b>Notes</b>	The Landeez can be disassembled for easy transportation; folding frame with removable parts make it simple to take apart and put back together. Pieces weighs 37 lbs.
<b>Purchase Price</b>	<b>\$7,500</b>

<b>Name</b>	<b>Hippocampe All-Terrain (Child)</b>
<b>Description</b>	The all-terrain offers individuals accessibility to difficult terrains impossible to reach in a standard wheelchair: beach, sand, swimming area, hiking trails, snow, mountain.
<b>Features</b>	Towed, pushed or self-propelled, the Hippocampe chair offers autonomy to its user.
<b>Specs</b>	This piece is suitable for a small child.
<b>Notes</b>	Its small size, fold-down backrests, removable push bar and wheels make it easily transportable and convenient to store in its transport bag. Weighs 37.5 lbs.
<b>Purchase Price</b>	<b>\$ 6,400</b>

<b>Name</b>	<b>All-Terrain Wheelchair</b>
<b>Description</b>	This all-terrain wheelchair was custom designed to allow its user the ability to navigate difficult terrain.
<b>Features</b>	Features include a comfortable seat and removable footrest.
<b>Specs</b>	This piece suitable for adults, youth and children.
<b>Notes</b>	As this wheelchair does not collapse, a vehicle with adequate space will be needed to accommodate its size.
<b>Purchase Price</b>	<b>Custom Piece</b>

<b>Name</b>	<b>Freedom All-Terrain Jogger</b>
<b>Description</b>	This all-terrain jogger has been designed to meet the demands of active families. It is lightweight and durable. Great for children and smaller adults with limited mobility.
<b>Features</b>	This Jogger features quick-release which easily folds down flat and has removable wheels. Possesses a 5 point harness and reclining seat.
<b>Specs</b>	Weighs 19.7 lbs. Capable of supporting a child or adult up to 150 lbs.
<b>Notes</b>	This jogger does not come with a front swivel wheel; quick maneuverability is limited. Great for long walks outdoors, beach, hills and light hikes.
<b>Purchase Price</b>	<b>\$ 1,200</b>

<b>Name</b>	<b>Axiom Pushchair</b>
<b>Description</b>	Designed for use as an indoor or outdoor mobility system, this all-terrain pushchair easily glides through grass, gravel, over curbs and sand.
<b>Features</b>	Comes with a traditional fixed front wheel, lightweight frame and comfortable seating.
<b>Specs</b>	Weighs 33 lbs, weight capacity of 150 lbs.
<b>Notes</b>	This jogger does not come with a front swivel wheel; quick maneuverability is limited. Great for long walks outdoors, beach, hills and light hikes.
<b>Purchase Price</b>	<b>\$ 1,200</b>

## TrailRiders

<b>Name</b>	<b>Black Diamond</b>
<b>Description</b>	Affectionately described as a cross between a wheelbarrow and a rickshaw, the TrailRider rolls smoothly over all terrain.
<b>Features</b>	Quick release pins make for adjustable seating and allows folding for easy transportation.
<b>Spec</b>	Weighs 23kg and can accommodate individuals over 4ft (cushion inserts can make it more comfortable for individuals under 5ft).
<b>Notes</b>	Requires the use of several sherpas to operate. Transportation consideration as it is a large piece.
<b>Purchase Price</b>	<b>\$ 7,500</b>

<b>Name</b>	<b>Green Monster</b>
<b>Description</b>	Affectionately described as a cross between a wheelbarrow and a rickshaw, the TrailRider rolls smoothly over all terrain.
<b>Spec</b>	Weighs 23kg and can accommodate individuals over 4ft (cushion inserts can make it more comfortable for individuals under 5ft).
<b>Notes</b>	Requires the use of several sherpas to operate. Transportation consideration as it is a large piece.
<b>Purchase Price</b>	<b>\$ 7,500</b>

## Kids' Equipment

<b>Name</b>	<b>Kids' Tricycle</b>
<b>Description</b>	A tricycle suitable for a small child capable of holding themselves upright. Handlebars tilt forward/backward to adjust to the height/armspan of the child
<b>Spec</b>	Lightweight, hand breaks, rear basket for storage while biking
<b>Purchase Price</b>	<b>Unknown</b>

<b>Name</b>	<b>Kids' Reclining Pedalbike</b>
<b>Description</b>	Kids' reclining bike, adapted to steer with arms while pedaling with feet. Hand brake on right side. Suitable for persons under 4ft
<b>Spec</b>	About 8kgs, does not disassemble
<b>Notes</b>	Requires upper body strength/mobility to steer
	<b>Custom Piece</b>
